natalie.chard@suez.com

Upcycle Kernow

Wills Community focus

Upcycle Kernow is an accessible space in Portreath, offering a variety of upcycling workshops, from pallet re-building, textiles & furniture upcycling, lampshade making, mosaics, jewelry & glass art, as well as many other exciting upcycled projects.

These are not your run-of-the-mill crafty get togethers, as at the heart of Upcycle Kernow is a zero-to-landfill policy. "Usable waste" is intercepted on its route to landfill, and through each workshop, re-purpose, re-design and re-use it to create new, usable products of a higher emotional and often monetary value. Many of the facilitators are respected artists and upcyclers, with carpenters, designers and even an electrician on board to help you bring your crazy, upcycled ideas to life.

For more information please check out Upcycle Kernow on Facebook

January 24

It is our partnership meeting on the 24th, the agenda will be going out soon. This is everyone chance to have a think about what they would like to say. If there is any project ideas you have or if there is anything as a partnership we could all back.

Please feel free to bring your ideas email them to everyone. Would be great to hear from you.

Newsletter

This is going to be the first of a monthly newsletter.

I would love to use this as a platform to inform everyone of what is going on between meetings.

It will be good to create some action points to show a partnership focus

If anyone has up and coming events please let me know. This can be a good way of informing everyone of an event, scheme ect.
